List of Names from British War Department

List compiled by 'The Society Of Old Brooklynites' in 1888.*

"This list of names was copied from the papers of the British War Department. There is nothing to indicate what became of any of these prisoners, whether they died, escaped, or were exchanged. The list seems to have been carelessly kept, and is full of obvious mistakes in spelling the names. Yet it shall be given just as it is, except that the names are arranged differently, for easier reference. This list of prisoners is the only one that could be found in the British War Department. What became of the lists of prisoners on the many other prison ships, and prisons, used by the English in America, we do not know."
